

Mystery Voters

Thank you for volunteering to be a mystery voter and engaging in the voting process. As a mystery voter you will just be observing the voters in line in front of you as they go through the voting process. Please maintain the privacy of the voters around you and not be intrusive or interruptive in any way. You will be watching for and answering the following questions:

1) Precinct and County of polling location?

2) When the voter checked-in were they asked for photo ID?

3) Did the voter have to fill out a provisional/paper ballot due to a problem?

4) Did any of the voters in front of you have problems with the machines?

5) Did the voter check their ballot?

6) Were there any other issues that you witnessed?
